

## Why don't you have a regular email address?

The Office of Web Assistance in the House of Representatives designed the Write Your Rep email system to improve communications between constituents and their representatives.

- Allows constituents to find their Member of Congress simply by filling in their Zip Code.

Email Me

Couldn't find your answer here?

Write  
to me by using the Write Your Rep  
service

- Directs the message to the appropriate representative, allowing each Member of Congress to serve his or her own constituents.

- Reduces the heavy burden placed on the House mail servers by the high volume of emails sent to Congressional offices every day. (Nearly 117 million emails in 2001)

However,  
I also understand that there are limitations to the current system. I know that this may be inconvenient at the moment, but as you know this is a new and evolving technology which our technicians are constantly working to improve. Until then, I appreciate your patience and understanding as we work to develop this new technology.

I want my website to be a  
"virtual office" that constituents can use 24/7 to find  
up-to-date information about important issues and the services my office  
provides more quickly and conveniently. Click around on:

-  
Issues to find  
out where I stand

- Common Questions &  
Answers if you need help with a Federal agency

- Services  
to learn what my office can do for  
you
